

Marcel Lambert attacks White Paper on Taxation

"We have not stated that it is entirely bad," said Hon. Marcel Lambert, Monday night, in reference to his party's views on the federal government's white paper on tax reform, "but so many things about it are bad that it must be started afresh."

Mr. Lambert, MP for Edmonton West and financial critic of the government, was addressing a group of approximately 80 people attending the annual meeting of the St. Albert Constituency Progressive Conservative Association.

On the matter of personal income tax, Mr. Lambert

stated that the proposed increase in personal exemptions from \$1,000 to \$1,400 — making a total difference of \$800 in exemptions for a married couple — was inequitable because it meant more of a saving in income tax to the man making \$25,000 a year and being taxed at 50 per cent, than to the man making \$5,000 a year and being taxed at 15 per cent.

As a more equitable alternative, he suggested a tax credit system which he said would result in those with a minimum level of income paying nothing in income tax.

Also in the area of personal income tax, Mr. Lambert cited as a serious oversight, the lack of proposed exemption for the single adult who must pay for nursing care for an invalid parent.

Regarding corporation tax Mr. Lambert voiced strong objections to proposed changes that would eliminate the "two-tier" tax which has provided for a 21 per cent tax rate on profits up to \$35,000 and a higher rate above that figure.

By taxing all such corporation profits on a straight 50 per cent basis, the government will collect an addi-

tional \$9,800 in tax on profits of \$35,000 he stated.

Although he admitted that there were loopholes in the present system and that tax reforms were indeed necessary, Mr. Lambert likened Finance Minister Edgar Benson's proposal in this regard to using "an elephant gun to shoot gophers."

Speaking of capital gains tax, Mr. Lambert stated that he and his colleagues had no objections to such taxes being imposed on the "fellows who play the market for the quick buck."

What he did object to, said Mr. Lambert, was the pro-

posed capital gains tax to be imposed on profits from the sale of the taxpayer's residence. Admitting that there were built-in provisions to allow for a natural increase in value of a home from the date of its original valuation, he stated that such provisions did not take into consideration the time and effort of the homeowner in improving his property.

"This one should have died before birth," he commented adding that the only people to make money under this scheme would be the real estate valuers as excessive administration costs

would cancel out any revenue that might come to the government from this source.

Describing the impact of both capital gains taxes and estate taxes as "vicious," Mr. Lambert contended that Canada is not a capital-rich country.

"In the western world, Canada is an underdeveloped country," he said. "We have to have capital come in from outside."

He further expressed a fear that a more equitable tax set-up in the United States would contribute considerably to the "brain

Strike vote authorized by town employees

Twenty of St. Albert's 21 civic works employees turned out for a meeting Monday night and unanimously voted to authorize CUPE representative Leo Lancaster to ask the government to conduct a supervised strike vote.

The Town of St. Albert had earlier rejected the recommendation of the conciliation board for an eight-per-cent wage hike this year and a five-per-cent hike next year, along with a recommendation that the civic works employees be con-

tracted to a 40-hour work week.

"We don't know what the town is prepared to accept," Mr. Lancaster stated.

"We have only heard rumors that Mayor Gibbon says the conciliation board's recommendations are too costly."

As far as the 40-hour work week is concerned, Mr. Lancaster stated in towns across Alberta where the union is in effect, civic employees have a 40-hour work week. "We feel that the time has come for St. Albert to catch

up with the times a little bit," he added.

Mr. Lancaster denied that he had ever said that if the town would not back up the recommendations of the conciliation board, "it can find some other way to get the work done."

The quotation appeared in the Edmonton Journal's Saturday edition.

"We would like to assure the people of St. Albert that we are going to do everything we can to settle this thing without a strike," Mr. Lancaster stated.

Go Hawaiian at the luau

The Community League is going all out to stage a luau celebration that will bring a bit of Hawaii to St. Albert on April 18.

Decorations by Virginia Roper will set the scene for the evening which begins with a reception.

Lovely girls in Hawaiian dress will perform the cere-

monial blessing of the food according to traditional custom. A mouth-watering menu features sweet and sour Island Ribs, pineapple chicken, fresh fruit salads with a tempting variety of side dishes and sweet dessert.

Frances Kite and her troupe will entertain during the supper and the committee has a surprise in store

for a midnight floor show to highlight the evening of dancing and refreshments.

If grey days, mud and cold winds are getting you down, here's a chance to give your spirits a lift. There will be no tickets at the door so residents are reminded to get them ahead of time from any league member.

CHEQUE FOR STURGEON GENERAL HOSPITAL

... presented by Newcomers President Mrs. Harriet Turek to Gordon Townend

Newcomers aid hospital fund

W. G. Townend, administrator of the Sturgeon General Hospital was presented with a cheque for \$300 at the April meeting of the Welcome Wagon Newcomers Club. The money, to be used for the children's ward of the new hospital, represents proceeds from the club's recent wine and cheese party and Chinese auction.

Mr. Townend answered questions from the 70 members and guests present at the dinner meeting in La Cava dining room. He outlined the services that would be available in the hospital, stating that the board of directors was trying to equip the hospital so that it could be independent of Edmonton.

Regarding staffing of the hospital, Mr. Townend advised that all positions would

be advertised locally and that the aim was to employ as many people as possible from the hospital district. In this regard, he announced that Miss Betty Drury, director of nursing, officially took up her duties on April 1, and was in the process of assessing applications for nursing positions.

In reply to a question regarding admissions to the new hospital, Mr. Townend stated that patients from hospital district 100 would have priority over patients from outside the district in obtaining beds. He further stated that there would be no bed allocation to doctors practicing in the hospital.

The executive of the Newcomers Club wish to thank those who donated door prizes for the wine and

cheese party — Canada Safeway, Grandin Park Cleaners, Roger's Esso, Burger King and Joyce Loos, Vanda Cosmetics. They also wish to thank the Cherry Hill Cheese Company for supplying the cheese and all members and guests who donated items to be auctioned.

Kaleidoscope shop opens

The Kaleidoscope Shop, newest addition to shopping facilities in Grandin Park Shopping Centre, opened its doors Saturday.

Mrs. Vi Hrychuk, owner, reports a very good turnout to view the new variety store which features women's and children's clothing, yard-goods, notions and novelties. Free kaleidoscopes, offered to the first 100 children un-

der 10 years of age to attend the opening, were snapped up in short order, she stated.

Winners of the door prizes were:

First — \$15 merchandise voucher, A. Northrup, 45 Burnham Place, St. Albert; second — \$10 voucher, Wendy Wallace, 12524-112 Ave., Edmonton; third — \$5 voucher, Glen Dobi, 3 Bernard Drive, St. Albert.

Skate-a-thon funds still not all in

Kinsmen President Tom White reports that there's still close to \$1,000 to go before all pledges from the skate-a-thon are in.

Pledges collected to date total approximately \$5,800. It was originally hoped that the club would realize

between \$5,000 and \$6,000 from skate-a-thon. Funds are to be used toward the installation of artificial ice in the new arena.

"Once the balance of the money comes in, we'll feel it's turned out really well," said Mr. White.

Bowling news

Bowling results from Grandin Bowl for the week ending April 4:

Local badminton team wins city championship

Monday night, playing at Vital Grandin School the St. Albert Badminton Club's C team defeated Hillcrest to win the Canada Safeway Trophy for the city championship.

The final series was very close since Hillcrest came back from a 6-4 loss last week to win 6-4 Monday, thus leaving the teams tied in games and making it necessary to go to total points which gave St. Albert the victory by 11 points.

Members of the championship team were Beryl Harding, Tony and June Raven,

Ian Abraham and Frank Carahan.

The club has 55 members. In the Namao tournament held this past weekend, the five St. Albert entrants all emerged as winners.

Three St. Albert players were double winners in the C events - Ian Abraham won the men's singles and teamed with Pat Waunch to win men's doubles.

Roberta Parsons won the ladies singles and teamed with Pat Waunch to win the mixed.

Sandra Soule won the C consolation singles.

Bernice Parsons was the only B winner - taking the ladies singles.

Pee wee Reps defeat Namao

St. Albert Pee wee Representatives, coached by Doug Millroy, defeated Namao Monday night 5-2.

St. Albert led throughout the game and had period scores of 2-1, 3-1 and 5-2.

Sandy Millroy scored two, with Blake Millroy, Jack Bendera and David Kelser scoring singles.

The all-stars play Calder tonight at St. Mary's Arena, 7 p.m.

Schinkinger three time winner

Kurt Schinkinger of St. Albert has become the first three time winner of the famous International Oilmen's Bonsel which is now into its 18th year.

Schinkinger, along with rink mates Wes Schultz, Freeman Maxwell and Wally Irwin from Wellhead Control defeated Lorne Brothen and

his Imperial Oil rink 12-5 in the final game. The win gave them the Associated Helicopter

Trophy. Schinkinger had previously won the Bonsel in 1964 and 1965.

KURT SCHINKINGER

Baseball club reports good turnout

The St. Albert Willowbrook Baseball Club have had excellent player turnouts to all practices in the Field House.

Coach Bob Mulloy feels he can field a good team for the upcoming season in the Oilfield Baseball League.

Next practice is Thursday, April 9 from 10 - 11 p.m., and Sunday, April 11 from 1 - 2 p.m., in the Kinsmen Field House.

Boss: "This is only a suggestion. You don't have to follow it, unless you want to keep your job."

APRIL 15-19 EXHIBITION GROUNDS

From page 1

The "Sports Nite" held at St. Albert High was a tremendous success. A good amount of "talent" was displayed in the skits put on by different school teams and the staff.

The girls basketball team won the skit competition and were the recipients of the award of the evening. The award was a trophy, made of scraps of most anything and luxuriously painted in silver and gold generously donated by Dan Chugg, who was its sculptor, along with the help of Art Demers. Several other more suitable trophies were awarded

to various teams who had deservingly won them during the year.

Everyone involved, participants and spectators alike, found the evening to be one of the most enjoyable ever. It's the hope of the high school to make this an annual event and judging by the parents present, they'd be most anxious to give their full support to another such event.

The badminton tournament sponsored by the St. Albert High was very well organized and ended up being very profitable for several people.

Winners were: Girls Singles - first, Trudy Semenluk, Westlock; second, Roberta Parsons, St. Albert. Boys Singles - first, McMaster, Barrhead; second, Smart, Westlock.

Mixed Doubles - first, Kleinfeldt and McMaster, Barrhead; second, Paul Kane St. Albert.

Girls Doubles - first, Evans and Gravelle, St. Albert; second, Coles and Desranleau, Westlock.

Boys Doubles - first, Gray and Weshloff, Westlock; second, Farrants and Ratke, Barrhead.

Congratulations are extended to all who participated.

Youth orchestra

The Edmonton and Calgary Youth Orchestras, a group of 140 talented young musicians will be playing a joint symphony concert at the Jubilee Auditorium in Edmonton, Sunday, April 19 at 2:30 p.m.

They will present a program of Mozart, Mendelssohn, Schubert, Bizet, Dvorak and Elgar.

Tickets at \$1. may be obtained from the symphony ticket office in the Bay in Edmonton.

Bruins lose squeaker

St. Albert Bruins of the Edmonton District Football Association Winter Soccer League lost a squeaker 2-1 to the Shamrock Rovers in the Kinsmen Field House.

The winning goal was scored in the last play coming on a rebound of a penalty shot. St. Albert goalie Bob

drain" as people with energy and initiative would not put up with Canada's continually rising taxes.

As a counter suggestion Mr. Lambert outlined what he termed his own personal proposal to exempt from capital gains tax, profits on investments made by Canadians in their own country's resources.

Such exemption would not be available to non-residents of Canada, whether corporations or individuals.

Profits on investments in Canadian oil, gas and minerals would not be subject to capital gains tax, according to Mr. Lambert's proposal, provided the investor left his money invested for a specific period.

A suggested rate of tax on capital gains under this system would be 20 per cent on money left invested for a two-year period, 15 per cent if left for three years, and so on.

"If the investor stays in for five years, he's home free," Mr. Lambert stated.

In answer to a question posed by St. Albert Mayor Ray Gibbon as to what the ordinary citizen could do to make known his feelings on the proposed tax reforms, Mr. Lambert suggested writing to one's member of parliament, stating specific

Halpern played a standout game and could not be faulted for the loss. Geoff Gadde scored the loan goal for St. Albert.

The Bruins are tied with three other teams for last place and will be looking for wins this Wednesday and Sunday. All games are played at the Kinsmen Field House.

Men's fastball practice

The St. Albert Drive-Inn mens' fastball team, coached by Fermin Iseke, are practicing every Monday night from 8 - 10 p.m. in the Father Jan gym.

All interested players are asked to attend.

The weekly sessions will

continue until weather permits outdoor playing.

The team will also share Kinsmen Field House with the St. Albert Baseball team on Thursday from 10 - 11 p.m. and Sunday from 1 - 2 p.m.

Letter To The Editor . .

The Editor:

In order to clarify releases made to the various news media, I would submit the following to the people of St. Albert.

On Monday, March 30 at 7 p.m., a committee of the whole meeting of council was held to consider the cancellation board decision respecting employees of the Town of St. Albert under Canadian Union of Public Employees, Local 941.

After a full discussion of the problems and possible solutions, a motion was presented and carried, to reject the above decision.

There are several points of contention — the two main ones being wages and hours of work.

In a comparison of wage rates of municipalities surrounding Edmonton, the negotiating committee found the proposed St. Albert increase for a one-year contract for 1970 to be higher than the actual agreed rates for 1970 of all these municipalities. The hourly rates

for four of these municipalities are as follows: the highest \$2.65/hour, \$2.55/hour, \$2.40/hour, \$2.23/hour. By including the Edmonton rate of \$3.10/hour and averaging the five rates, a figure of \$2.59/hour is reached. The town offer is greater by a fair amount for the year 1970.

The cancellation board decision was based on a two-year contract as follows: An eight per cent increase effective from Jan. 1, 1970 to Dec. 31, 1970. From Jan. 1, 1971 to Dec. 31, 1971 a decrease in hours from four 9-hour days and one 8-hour day to five 8-hour days or from 44 to 40 hours per week, plus a five per cent increase in wages over the 108 per cent being received in 1970.

Example: 1970 = \$2.50/hour x 1.08 = \$2.70/hour. Weekly wage on 44 hours = \$118.80.

1971 — Weekly wage would be \$118.80 x 1.05 = \$124.74. The hourly wage for 1971 would be \$124.74 divided by

40 hours for an hourly rate of \$3.12.

The minimum cost to the town would be \$37,895, for the two-year contract, or a percentage increase of 24.8 per cent on the hourly rates. Additional manpower required will be an extra \$16,830, for a total of \$54,825. This is a minimum of three (3) mills.

Other items in the cancellation board decision could result in further costs.

In view of the restraints being fostered by the parent governments to curb inflation and current rates in the industry, we feel the seven per cent proposed increase for one year is more than reasonable.

R. M. Gibbon, Mayor,
Town of St. Albert.

Cancer fund captains named

Mrs. Jane DenBraber, chairman of the Cancer Society's fund drive in St. Albert, has announced the names of team captains for the campaign.

These are Mrs. Carol McRae, Mrs. Ingrid Elliot, Mrs. Richardson, Mrs. Joan Candy, Mrs. Mary McCaffery, Mrs. Shirley McQuitty, Mrs. Sharon McMaster, Mrs. Liz Emmerson, Mrs. Christal Roman, Mrs. Sylvia Faryna, Mrs. Nuttal, Mrs. Betty Smithson, Mrs. Bernice Dutscher, Mrs. Oille Terrail, Mrs. Thada Lund,

Mrs. Barry, Mrs. Flo Wandler.

Many of the captains will be attempting to handle the campaign on a "blitz" basis during the week of April 13 through 18. Mrs. DenBraber points out, however, that the whole month of April is cancer fund month and residents of St. Albert will be asked to give generous support to the drive within the next few weeks.

Theme of the fund-raising campaign is "With your help, cancer can be beaten."

Report from the Legislature By Keith Everitt, MLA

The chickens and eggs have now been removed from the legislature and we are progressing well with the clause by clause reading of the bills.

While I realize the seriousness of the problems the farmers are facing, I can't honestly become excited about militant demonstrations such as we witnessed this week. If the students had used this same method, I'm sure the general public would have told us just to ignore this type of radicalism; however, I suppose if it hadn't been for the pushing and shoving, the chickens

and eggs, the NFUs demonstration would have been quite orderly.

Mr. Drain, the Social Credit member from Pincher Creek-Crowsnest, is now speaking on his motion, which reads:

Whereas lumber production costs are at a 10 year high and the demand for lumber is poor, and

Whereas many operators are curtailing production or are forced to sell at a loss to continue operations, and

Whereas the lumber industry is vital to the well being of many people in Alberta:

Therefore Be It Resolved that the Government of Alberta give consideration if necessary to the modification of the rate of timber dues and the extension of time for harvesting allowable timber quotas until the market improves and

Be It Further Resolved that the Government of Alberta make representation to the federal government for the elimination of the 11 per cent tax on lumber in order to improve existing market conditions.

Dr. Buck, the Social Credit member from Fort Saskatchewan, has a resolution on the order paper requesting:

(1) removing the speed differential during hours of darkness

(2) increasing by five to 10 miles per hour the daytime speed limit.

(3) setting up an experimental zone of freeway with a daytime "reasonable and prudent" speed.

The government has brought in an act respecting environment conservation. This bill establishes a three member environment conservation authority which will be directly responsible to the cabinet. The authority will be empowered to investigate, study and hold public hearings on such matters as pollution, conservation and management of natural resources. This act will come into force on the first of July.

At the beginning of session, I received numerous cards and letters concerning pollution; however, the trend is beginning to alter.

The department of health now says that there will be no burning of garbage. The municipal dump must have an operator present to cover all garbage with a bulldozer as soon as it is emptied. This will be quite an expense. However, I hear numerous reports of farmers dumping mercury-treated seed that they have left over, and surely this should be covered immediately. I contend if this is not allowed, then it will be dumped elsewhere.

It would seem reasonable that perhaps the municipal dump should be open only one or two days a week if finances become a problem with the Municipal District. We are very hopeful that mercury-treated grain will completely disappear within two years.

Hon. Gordon Taylor has introduced amendments to the Snow Vehicles Act. The cabinet may make regulations covering:

(1) rates of speed for snow vehicles

(2) helmets for drivers of snow vehicles

(3) governing, restricting or prohibiting the operation of a snow vehicle by any person under a specified age

This act has not been agreed upon yet, so there may be considerable debate.

Hon. Edgar Gerhart has brought in amendments to the Landlord and Tenants Act. These amendments will make it necessary to pay interest on damage deposits and it would require a landlord to give 90 days' notice of rent increases. Unfortunately, I am still unable to give any additional information.

ST. ALBERT HOME OWNERS

PC Association elects officers

Rene Kambouroff was named president of the St.

RENE KAMBOUROFF
... new president

Albert Provincial Conservative Association at the association's annual meeting, Monday. The meeting, held in the Community Hall, drew a crowd of approximately 80.

Guest speaker was Marcel Lambert, MP for Edmonton West.

Officers for the 1970-71 term are: first vice-president, John Deveraux; second vice-president, Stan Walker; secretary-treasurer, Mrs. Helen Rogers.

Directors are: Clayton Crozier, Charles Bokenfohr, John Bock, Kent Rogers, Robert Prather, Neil Ross, Leo Maurier, Mrs. Jean Ryley, Jim Speer and Jack Stevens.

Stan Walker was chairman of the nominations committee.

Main point of discussion in the business meeting centred around nominations for a candidate to run in the next provincial election.

Retiring president and chairman of the meeting, Bill Flynn announced that the executive was aware of at least four people who are "somewhat prepared" to let their names stand in nomination.

"If there are five or six or more, this is all the better," he added.

A motion by Mr. Kambouroff that nominations be held in June met some opposition from members who felt that the 39 days notice

required from the government in calling an election would be ample time to hold nominations.

"If nominations are held too early," claimed Director John Deveraux, "a lot of steam has gone out of things by the time the election comes around."

His feeling was that the interest generated during nominations tends to carry over into the election campaign — to the benefit of the candidate.

Mr. Kambouroff's motion, amended to read that nominations be held in June — or earlier if necessary, was carried.

Membership chairman Kent Rogers reported that 75 membership cards for 1970 had been sold.

Overhaul gives new look to community hall

Renovations to the Community Hall which began as a centennial project in 1967 are nearing completion. The league was awarded a centennial scroll for work accomplished during that year, but having made a good start they have pushed steadily ahead with a great many further improvements over the past two years.

Exterior painting and interior decorating throughout has been completed. New front steps and concrete at the back exit have made a big difference, as have the obvious to the eye, but among the biggest improvements are the new sound system, rewiring and new light system and improved heating and air conditioning facilities. The new hardwood flooring upstairs is appreciated

by the dance crowds and for the work force a remodelled cloakroom, improved kitchen facilities and new tables and chairs are favored features.

Downstairs an overall renovation is finished, including new ladies and mens washrooms. The old posts have been replaced with telepost and the new tile floor makes a tremendous difference.

Capacity of the hall is 300 for banquet and dance upstairs and 150 downstairs.

As much of this work as was possible has been done by volunteers, mainly board members. At the moment they are planning some changes in the ticket office at the front door, and ozite carpeting for the two entrances and the stairs.

Staffer invited to try tiger spearing

Newspaper editors get some strange invitations from time to time — and an invitation to join a tiger-spearing contest is one of the strangest ever received

by Gazette Editor, Ernie Jamison.

It's all part of the Edmonton Boat, Trailer and Sport Show to be held April 15 through 19 at the Exhibition Grounds.

Each radio, tv and press outlet in the area has been invited to enter one or more "dead-eye Dicks" in the contest.

Top spear-thrower will be decided in the finals of the contest to be held on Sunday, April 19. First prize is \$25 with second and third prizes of \$15 and \$10.

Will the editor or one of the Gazette staff think it's worth a try? No announcement's been made as yet, but to make the offer more attractive, promoters of the contest promise the tiger won't be a live one!

A reveler went into an automat, put a coin into one of the slots and a piece of pie shot out. This went on until he had 14 pieces of pie, when another customer said: "Don't you think you ought to stop?"

"What?" replied the man. "When I'm winning?"

St. Albert Women's Institute made a \$300 donation to the arena fund, Monday. Presenting the cheque to Councillor Rene Kambooroff is Mrs. Agnes Richardson, president. The funds were raised by raffling a hand-made quilted bedspread.

Cub and scout tea planned

The Ladies Auxiliary to the Edmonton Region Cubs and Scouts will hold a coffee party and tea, Saturday, April 11, from 10 a.m. to 4:30 p.m. at the Scouting Service Centre, 142 Street and 109 Avenue, Edmonton.

Features will be a home-made baked goods sale and displays and demonstrations of section program activities. Everything from knot boards to taxidermy to rockets will be on display.

Tickets are 50 cents for adults, 25 cents for boys and girls in uniform and for children under 14, accompanied by an adult.

Proceeds will be used for the water system being constructed at Triple "S": Scout Range.

Auxiliary members stress that, like camping, this is a family affair and you are invited to bring your children out to enjoy the fun.

Around Town

Reports given by the president and the treasurer at the annual meeting March 31 of the St. Albert and District Community League, showed a full year of activity and sound financial position for the league. Elected to the board for the coming year were Henry Terrault, president; Ann Kampen, vice-president and directors Elmer Harrison, Mrs. A. Roberts, J. Dubois, L. Wakefield, M. Dechamplain, Mrs. M. Hayden, Mrs. A. Kluthe, A. Lesburg, G. Kirby and N. Savoie.

The new board will be appointing a secretary-treasurer, hall manager and janitor at their next meeting.

The St. Albert United

Church Women will hold a rummage sale at Jasper Place Legion Hall, 10220 - 156 St., Saturday, April 25 at 10 a.m. All donations will be appreciated.

Articles may be left at 14 Gretna Place, 43 Gilmore or 61 Sunset Blvd.

The Sturgeon General Hospital Auxiliary will hold a strawberry tea and sale of handicrafts, Wednesday,

April 15, from 2 to 4 p.m. at the community hall. A free babysitting service will be provided.

Tickets are \$1. and may be purchased from members of the auxiliary as well as at the door. For tickets, phone 599-6921.

An open invitation is extended to all adults in St. Albert and district to attend the first in a series of three lectures on Adult Education for Family Life, Sunday, April 12, 8:30 p.m., St. Albert Roman Catholic Church basement.

NEWCOMERS

We welcome the following to St. Albert:

Mr. and Mrs. A. Cameron and family; Mr. and Mrs. J. Lightfoot; Mr. and Mrs. R. Longster and family; Mr. and Mrs. D. Symbaluk and family; Mr. and Mrs. Mel Wenger and family of the new Braeside district.

Mr. and Mrs. J. Frank and family; Mr. and Mrs. R. O'Donnell of the Grandin Park area.

Teen teach-in

on pollution

On Saturday, April 11, the Edmonton Public Library presents "Pollution Probe." Moderator and guest panelists for this week's teen teach-in program will be:

Mel Hurtig, Edmonton publisher; Professor George genetics, University of Alberta; Professor J. R. Nursall, head of department of zoology, University of Alberta; Mrs. Mary Van Stolk, representative from STOP; Bill Yurko, MLA for Strathcona East; P. B. Rose, deputy minister of health. A representative from Canadian Industries Ltd.

All teens are invited to participate in this informative discussion in the Music Rooms of the Centennial Library. Admission is free and the discussion begins at 10:30 a.m.

City police form 3 new sections

Chief Constable F. E. Sloane has announced the formation of three new sections in the City Police Department to enhance the efficiency in keeping with municipal police force.

One of these is the crime prevention section, operating under the criminal investigation branch of the criminal investigation division. It will give advice to all segments of the public on prevention of crime, including the inspection of industrial, commercial and business property, and advice on general security matters. It will also act in liaison with the schools, youth clubs and education authorities concerning crimes committed

by and against young people. The section will also maintain contact with outside specialists and organizations such as architects, builders, roofers, banks and governmental departments.

The new research and development section will operate under the inspections branch, services division, for the purposes of systematic studies, analysis evaluation, statistical records, projects and special study investigations.

The new internal affairs section will operate under the inspections branch, services division, and be responsible for departmental discipline.

Alberta Credit Union Federation meeting

Leo S. Alain, manager of the St. Albert Savings and Credit Union Ltd. will attend the third annual meeting of the Credit Union Federation of Alberta, April 9 and 10.

The meeting will be held in the Palliser Hotel, Calgary.

Past president of the Edmonton Chapter of Credit Unions, Mr. Alain is presently serving as a director of the chapter. He will be attending the meeting as a delegate of the local credit union.

This two-day convention

will bring together over 250 delegates, their wives and friends, representing over 257 credit unions and co-operatives from over 100 cities, towns, villages and hamlets throughout the province.

The first day of the two-day session will be programmed as a series of seminars dealing with the newly proposed Credit Union Act, while the afternoon of the same day will have sessions dealing with challenges and goals of the "Credit Union Manager."

The second day of this gathering will deal with the 11 resolutions before the federation, the directors' reports, financial statements, budget, nominations and elections of additional directors and officers for the coming year.

Among the out-of-town credit union representatives who will appear before the convention will be R. J. 'Bob' Ingram, newly appointed Canadian General Manager of the National Association of Canadian Credit Unions.

Annual Daffodil day

Office buildings, banks and shopping centres in Edmonton will literally bloom on April 10 and 11 when the Edmonton Branch of the Canadian Cancer Society will observe their 10th annual daffodil days - in aid of the

society's drive for funds. Girls in bright yellow smocks will be giving out the daffodils and accepting donations to the Cancer Society. The campaign raised over \$21,000 in 1969.

National Wildlife Week observed

April 5 to 11 is National Wildlife Week and the Canadian Wildlife Federation is co-operating with the Alberta Fish and Game Association and the St. Albert and District Fish and Game Association to spread the message that an environment which cannot support

animal life may not long support human life.

Don Hayden, president of the local fish and game association, stresses that conservation, protection and enjoyment of wildlife are a continuing aim of the association, along with education of the public to support these aims.

Wildlife populations are barometers indicating environmental quality and a greatly reduced population of any species may be a certain sign that the health of their environment is falling. The Canadian Wildlife Federation details how Canadian wildlife is being affected by environmental changes brought about by man.

* Too little research on the biological implications of DDT in the early days of its use has imperiled peregrine falcons, prairie falcons, bald eagles, ospreys and other large birds of prey.

* Bighorn sheep must compete with cattle for food. Their winter range, often cropped clean in the summer by grazing cattle, frequently cannot support the sheep in winter.

* The blue pickerel, once flourishing in Lake Erie,

may be extinct today, a victim of water pollution.

* Efforts to give the sea otter a second chance for survival by releasing 30 of them off Vancouver Island could be hampered by possible oil spills in the area, which would destroy the insulation provided by the otter's dense fur.

* The Vancouver Island wolf, the black-tailed prairie dog, the black-footed ferret, the spotted turtle are just a few of the species that have been unable to compete successfully with various forms of human misuse of the environment. Some of these species may already be extinct in Canada.

With few exceptions no one intentionally harmed these species but inevitably many species of wildlife, defenceless against civilization, virtually disappeared.

What can you do about the preservation of wildlife?

One suggestion is to join your local fish and game association. For further information on programs and membership, write Box 158, St. Albert.

Mr. Hayden reports that the next meeting of the local association will be held April 14 at 7:30 p.m. in the Community Hall. The meeting is billed as Conservation Night and anyone interested is invited to attend.

Preserve wildlife... throw a party

engaged girls

Calling all brides-to-be! If your plans call for a wedding in August or later, you're invited to attend an engagement announcement party to be held in the Chateau Lacombe Alberta Room, April 27 at 7:45 p.m.

Welcome Wagon International, sponsors of the party, are inviting brides-to-be in the Edmonton area to join them for an evening of entertainment which will include a fashion show, displays of wedding ideas, door-prizes and gifts. Some lucky girl will win a complete bridal ensemble, and there

are a number of other valuable door prizes, including a night in the bridal suite of the Chateau Lacombe.

There is no cost or obligation and each bride-to-be is invited to take along one guest — her mother, bridesmaid or future mother-in-law.

Refreshments will be served.

A written invitation will be required for girls who wish to attend the party. These may be obtained by phoning Mrs. June Leggett at 599-8802.

"Supper" not "banquet" planned

The Gazette regrets that through a news item appearing in the April 1 issue, the impression has been given that the St. Albert Branch of the Royal Canadian Legion is planning a banquet for this Saturday evening, April 11.

The item should have read that a free supper was being planned for this date to mark the anniversary of the Battle of Vimy Ridge.

All First World War veterans and their wives have been invited to attend the supper — and although we've been told it won't be of banquet proportions, a good meal will be provided for all veterans who turn out for this event.

New standards on rental housing

New regulations under the Public Health Act concerned with standards of housing, particularly rental housing, become effective May 1, 1970.

The regulations establish standards of weather-proofing, water supply, plumbing, ventilation, heating and maintenance and give the local board of health power to enforce these standards and to close a building if necessary. Apartments, hotels, motels, institutions and lodging houses are affected by the Order-in-Council.

Enquiries should be directed to the Sturgeon Health Unit.

EVEN BIGGER SAVINGS ON BULK

CO-OP

By Mrs. Liz

The 11th meeting of Calahoo Women's Institute was held at Lena Bergstrelser's home on March 24 at 8:30 p.m. with all 13 members present.

Visitors were Mr. and Mrs. Bill Lehman, Mr. and Mrs. Gerry Guenette and Lucienne Vador. Also our speaker and his friend Miss Susan Brins-

must be taught. Nevertheless we had allively question period and a friendly visit after.

The bingo sponsored by Calahoo WI was well attended considering there were other bingo's the same evening, April 1. Many thanks to all who attended this cash bingo.

Winners were: first-Alice Schmermund and Rudy Christen, second - Linda Quintal, third - Sharon, Liz and Theresa; fourth - Melina Paquette; fifth - Annette Kramps; sixth - Francis Kramps; seventh - Joyce Bergstrelser; eighth - Eddy Walker; ninth Mary D'Hoed; tenth - Errol Verbeek; eleventh - Liz McLeod; twelfth - Evelyn Paquette and Lawrence Callihoo; thirteenth - Allan Ross; fourteenth - Mary D'Hoed; fifteenth - Stephanie Shenfield; sixteenth - Margie Douzleeh and Eleanor Reynolds; seventeenth - Helen Quintal; eighteenth - Marlene Kolesar; nineteenth - Harvey Verbeek and twentieth - the full house \$5 prize went to Dale Labonte.

President Mary Dalheim presented a gift of a bedspread to Alice Schmermund for the use of her home for our sewing class which was a success.

Daphne Kerr tells of the wrestling honors with 22 out of 25 medals being won by Riviere Qui Barre and we are justly proud of one gold medal winner in our district, Edmond Paquette.

Our visitor Edna Guenette won the door prize.

At this time we asked our speaker Victor Lehman to talk to us about this free education in our schools.

Mr. Lehman really felt that the modern way of educating children is the only way. He felt the kids learn so much from TV and in school they sit in groups discussing things. Out with the desks and rigid rules of yesterday. Let the children decide what they want. He thinks the teacher should come down to the children's level, should sit with the group.

One thing we were agreed upon was the school should be used for social gatherings after hours - a place to meet - but the group felt that children still need direction and discipline values aren't inherited; they

Gibbons Rangers

On April 1 the First Gibbons Ranger Company paid a visit to the Workmen's Compensation Board in Edmonton.

There they were taken on a tour to the different departments such as the physio and occupational therapy divisions. The rangers and their leaders had a wonderful and very interesting time and hopefully learned much.

Many thanks to the drivers Mrs. Allison and Mrs. Dohel.

Legal news

You are all invited to attend Legal Hockey Night on Friday, April 10 at the Community Centre at 8 p.m. Tickets available at the Credit Union.

The bingo - bazaar will be held on April 12 at the Community Centre. The bazaar will start at 6:30 p.m. and the cash bingo at 8 p.m.

The annual meeting and social of the Legal and District Community Centre was held last Saturday.

Nominations for the new board members were held. Nominated were Adelard de-Champlain, Cleophas Cyr, August Courseaux.

Marcel Coulombe and Wilfred Lecavaller were re-elected for another term. Arthur Morin and Eugene Coulombe make up the seven board members with the competent secretary Marcel Dube.

Many thanks were extended to outgoing members Jean Teulie and Albert Pelleret for their devoted services and efforts while serving on the board.

Father Martineau, Father Simard, a number of ladies and three students from Legal attended the Mouvement des Femmes Chretiennes Congress in Bonnyville last Tuesday.

The day was very interesting and the afternoondiscussions I'm sure were profitable to the parents as well as the students.

At the banquet in the evening the winners of vocation contest were recognized and awarded their prizes.

Among the winners we were proud to see one of our local students, Sylvia Auger was the lucky winner in the Grade 10-11-12 category. Congratulations Sylvia.

THE MARTIN FROBISHER ROSE

New shrub rose proves hardy

Martin Frobisher shrub roses will be available to home gardeners for the first time this spring. They were developed by Dr. Felicitas Svejda, a plant breeder at the Canada agriculture research station at Ottawa.

Martin Frobisher rose is hardy shrub roses currently available in Canada, and it has been tested across Canada, at Milwaukee, Wis., and at Palmer, Alaska.

Reports from northern Ontario to Alaska indicate that Martin Frobisher roses are doing better than Dr. Svejda dared to hope. The plants are so hardy that they are surviving without cover

in areas where winters have, in the past, killed most shrub roses.

In addition, people who have tested the roses say the plants are vigorous, healthy and the flowers are extremely fragrant.

The plant blooms from soft, pink double blooms about two inches in diameter. The Washburn Farm and

Fat man (to motorist who had bumped into him):

"Couldn't you have gone around me?"

Motorist: "I wasn't sure I had enough gas."

Boy's school 150 years old

St. John's-Ravenscourt School in Fort Garry, one of the oldest English-speaking schools in Canada and by far the oldest in the West, this year celebrates its 150th anniversary.

For the celebrations the school is trying to locate their oldest living graduate and readers able to help should write St. John's-Ravenscourt School, South Drive, Fort Garry, Winnipeg 19.

The school dates back to

1820 when the Rev. John West of the Church Missionary Society built a log house on the banks of the Red River to educate abandoned or orphaned Indian boys.

Today, the school is non-denominational and international. It draws students from many parts of Canada—especially from the rugged north and west—as well as from places as far away as Singapore and Brunel, Mexico, Biafra and Iran.

Nursery of Palmer, Alaska reports that Martin Frobisher is "...one of the most outstanding roses we have grown and has brought more comment and question than any other we have had."

The roses will be available this spring from Brookmanville, Ont. and from Patmore Nurseries of Brandon.

Self-expressing. Memory-catching. For the first time in history, the everyday man has a powerful means of combining the two: his camera. Before photography, visual language—one that talks straight to the eye—was the privilege of a few highly skilled artists. To these men, we looked for expression of our deepest feelings about the world. But the domestic camera has changed all that. It has brought the experience of art into the reach of all of us.

"I'd sure hate to be in our creditors' shoes this month!"

By Bill Owen

Who is that petite young lady carrying a white cane who is just getting off the bus at the corner of 121 St. and Jasper Ave.? Let us observe her for a few moments and find out where she is going and who she is.

As she walks back from the bus stop to the crosswalk on the corner, the white cane is being used very professionally. Yes, the white cane detects the light standard first and then the young lady pushes the button on the post. This activates the bell that signals for a safe crossing. As she crosses Jasper Ave., good use is made of the cane to detect whether or not snow has been piled up in the centre of the road, then

are loaded with braille books, ready for mailing, and they are deposited in the mail box which is located on the corner.

The CNIB office and residence is only a short way down the street so let us assume that this is her destination. We know it is only about eighty steps to the office door, however, it is possible that she has taken this route so many times that other signs or indicators are being used. As this is about 8:30 a.m., and assuming it is winter and there has been a slight snow fall, one can be assured that the merchants from the first two buildings have not yet cleaned the sidewalks in

front of their stores. Next is a car lot where one can usually find an older gentleman cleaning away the freshly fallen snow. Also, at this car lot there is a slight indentation in the sidewalk where there is a driveway. This lower level is one sign, and the breeze has a little more opportunity of blowing between the buildings creating another signal. As the young lady approaches the entrance to the office of CNIB, there is a very slight drop of about 1/4 inch in the cement, making it easy to detect with the cane.

This young lady is Miss Doris Goetz, the rehabilitation teacher at CNIB. Her duties are many but the example she sets for other blind people is very encouraging. She travels regularly on buses and maintains a spotless apartment that would make many sighted housewives envious. Her involvement in teaching the newly-blinded includes instruction in reading and writing braille, typing, handicrafts such as leather work and caning, ceramics, and knitting. Miss Goetz is also involved as a part-time teacher for children in the Low Vision classes in one of the schools.

Please remember, "Blind People Are People, Find Out for Yourself."

may need wheat

Grain letter from Richardson and Sons notes that newspapers in Hong Kong reported that drought in the wheat-growing areas of northern China is threatening this year's crop and apparently the USSR's winter plantings fell far short of expectations which is hoped to be compensated for by expanded spring sowings. If these reports about China are true, they could be in the market for huge quantities of food grain later on.

The rapeseed outlook for next year is favorable says the firm, if our price level is competitive with competing products, as the demand for vegetable oils is expand-

ing worldwide. India, which is the largest producer of rapeseed, is reported to be short of cooking oils to the extent of about 2,000,000 tons which could be supplemented to some extent by our rapeseed. We have sold rapeseed to Pakistan in the past but never to India. Another possible outlet is Mexico which recently bought a cargo on an experimental basis and, if they are satisfied with the results, the business could expand substantially, all things being equal.

Will pantsuits go to offices

If a certain fashion trend continues the way it's been going, fashion expert Margaret Hilton says that a lot of bosses will soon have to face up to one of those damned-if-you-do-damned-if-you-don't questions: Should women wear pantsuits in the office? The problem isn't causing major concern yet, according to 20 companies polled, but indications are that many may be forming a policy shortly.

Highlights of the findings, the writer says, include: The employer has the last word on what his staff wears — no law exists to protect the employee if fired due to appearance; where the lines are drawn, they're mostly between fashionable wear in good taste — pants with dresses or long sweaters —

vs the "ordinary" pants (that is, garments fit for Saturday's housecleaning). This is the reaction of Sidney Wrightson, Simpson's downtown Toronto store superintendent: "We have no policy but if someone did wear pants or unsuitable clothing it would be suggested to that person that perhaps it not be worn again."

ASK FOR HARVEY

Peterson-Ouelette wedding

St. Emile's Church in Leagal was the scene of a beautiful afternoon wedding when Marie-Paul Ouelette was united in the Holy Sacrament of Matrimony to Andreas Peterson in a double-ring ceremony performed by Father Maréchal.

Marie-Paul is the daughter of Mr. and Mrs. Roger Ouelette from Leagal and Andreas is the son of Mr. and Mrs. Peter Peterson from London, Ont.

The organist and soloist

was Father Rosario Simard. Given away in marriage by her father, the bride looked radiant in her exquisite A-line lace gown with a full train flowing from the waist. A cluster of natural yellow roses held her bouffant veil of nylon illusion net. She carried a bouquet of yellow roses centred with white orchids.

Bridesmaid Linda Ouelette, sister of the bride, and maid of honor Mrs. Violet George and Mrs. Lee Clarke, were identical sparkling purple brocade floor-length gowns styled in a spanish influence. They carried bouquets of yellow mums and stephanotis.

The groom's attendants were Remi Boisvert, Gary St. George and Nick Clarke. For her daughter's wedding

ing Mrs. Ouelette chose a pink tulle A-line dress complimented by a corsage of white roses and white accessories.

Following the ceremony a banquet and reception was held at Grisebach for some 175 guests where Leonard Blanchette was master of ceremonies.

The happy couple will reside in Edmonton.

Frequent naps prevent old age, especially if they are taken while driving.

Gibbons

On the night of March 20 at the Gibbons School, the Gibbons 4-11 Garden Club held its annual public speaking contest.

Cindy Allison spoke on "They," Edith Paradis "The Other Guy," Harvey Visscher, "Law, Cornerstone to Society," John Allison "Something Big," Linda Lamoureux, "Pollution," Kevin McWhirter "Snowmobiling," and Kelly Serink, "Smoking."

Following the speeches impromptu were held. Linda Lamoureux won the first place trophy, Edith

Paradis was runner-up and Harvey Visscher won for the judges Miss S. Visscher, K. Eshpater and E. Yeo.

The club would like to

Morinville Credit Union has record year

The Morinville Savings and Credit Union Limited held its 30th annual meeting recently in the Morinville Centre.

There was a very good turn-out of members and guests.

The President, L. J. Calder, reported that 1969 was a record year for the credit union.

The new total membership now stands at 860 members. Total assets have increased by \$83,000 over the previous year to a new high of \$629,000. The net income also increased to almost \$16,000 for 1969.

It is hoped that 1970 will see many more new members join the credit union and enjoy all the benefits such as life insured savings and loans as well as disability insurance on loans.

They could also enjoy higher interest rates on term deposits and shares (savings accounts) as well as all other benefits of a modern financial institution.

cial institution.

The members present voted for a five per cent dividend on share savings for 1969, and term deposits earn eight per cent P.A.

The president stated that a new posting machine had been installed in 1969, to increase the efficiency and service to our members. All vacancies on the board of directors and other committees were filled.

The new president is J. Andre Sabourin.

Marion J. Sabourin, manager and the staff includes Sylvia LeBlanc, and Rachel Bulger.

This annual meeting was again a success and it is hoped that the members will continue to support their credit union.

Since the annual meeting the interior of the credit union office has been renovated and redecorated including new carpeting, and has taken on a new look.

NOTICE

PUBLIC SALE OF LANDS UNDER THE TAX RECOVERY ACT

Town of Morinville

Notice is hereby given that under the provisions of The Tax Recovery Act, the Town of Morinville will offer for sale by public auction at the office of the secretary-treasurer, Morinville, Alberta on the 22nd day of April, 1970, at 2 o'clock in the afternoon, the following lands:

Our Half Acre

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS OPINIONS.

New DA appointed

Wally Klatt has been appointed as district agriculturist for the Municipal District of Sturgeon, replacing Judd Bunnage. Mr. Bunnage has been appointed livestock supervisor for southern Alberta.

Mr. Klatt has been familiarizing himself with the district and is now settled into the office in Morinville and anxious to meet the ratepayers.

beef surplus

United States Agriculture Secretary, Clifford Hardin has praised the Canadian move to drastically cut wheat acreage. "I cannot recall an action by any country, including the United States, aimed at such a large cut-back in a single year," he said. Canada's plan takes the 24.4 million planted to wheat last year.

Ottawa has announced a plan to pay Prairie farmers up to \$10 per acre not to plant wheat. Those who convert to summerfallow in 1970 will get \$6 an acre and those who get to permanent forage acreage until mid-1971 will be paid an additional \$4 per acre.

Two American senators from cattle states, M. Young

of N.D. and R. Hruska, Neb. have expressed fear how, that the new program to cure wheat surplus will bring about a beef surplus. They asked Mr. Hardin to make their concern known to the Canadian government. Mr. Hardin said Canada's plan looks like a one-year time for a substantial increase in Canadian cattle.

Farmers in Eastern Canada expect more competition from the west due to the wheat cut-back. They feel the competition may not be as short-lived as they thought earlier. Beef, pork and eggs are the products Eastern farmers expect to give them the main competition.

Branding demonstration

A very successful branding demonstration was held on John Gonek's farm on April 3. H. G. Pallister, brand inspection supervisor and R. W. Boggs, brand inspection fieldman were on hand to supervise the branding. Everyone present tried their hand at branding and were shown the mistakes that they were making. At the end of the day there were 30 farmers who were near experts at branding.

Exchange and Mart

Teenage home economics course

Due to the lack of household economics classes as a regular program in the school curriculum, the department of agriculture, women's extension would like to know if teen-age girls would be interested in attending a two-three week home economics course during the summer holiday period. This course would be held at the Olds or Vermillion Agricultural Colleges.

FIRST, we would like to know which courses the girls would be interested in taking, e.g., sewing, basic cooking, basic nutrition, menu planning, interior decorating, fashion design, home management, etc. From the girls' interests, a suitable and worthwhile program can then be planned.

The value of giving a certificate at the end of each course would be considered.

Since this program is still in the planning stage, it will more than likely see its debut in the summer of 1971, but there is still a possibility that it may open this summer, if there is an overwhelming demand and interest for it.

Concerning the cost of the course, the following is an approximate guide:

Registration - \$10; Room and Board (two weeks) - 40 - 50; Cost of materials for course - current price.

As well as this being an opportunity for learning, the girls will find it an enjoyable experience and holiday! So, Mothers, if you have a teen-age daughter who would be interested in such a course, please contact the DHE office by phone or mail, indicating what course(s) she would be interested in taking.

Rape residue can cause soil toxicity problems

Farmers who grow rape should spread the residue in the fall as they would any other crop.

The plant pathologist at the Lethbridge Research Station, has found evidence to show that moisture passing through heavy piles or swaths of rape residue leaches a substance into the soil that can cause stunting and reduced yields of crops grown in the same field the following year.

Tests carried out in 1968 and 1969 revealed that the toxin could readily be leached out of the rape residue and that it had a toxic effect on a number of cereal crops. Of four common crops tested it was found that barley was least affected while oats and wheat were quite susceptible. Fall rye, was high-

ly susceptible.

The Lethbridge plant scientists emphasized that he did not wish to cause undue concern to any prospective grower of rape. He said the rape residue problem is one which can be minimized if the farmer will chop or at least spread all rape residue uniformly over the field in the fall. At worst, he has found, the toxicity persists for only one year.

Additionally it is still unwise to grow rape in the same field for more than one successive year. This practice encourages the build-up of diseases such as white rust and downy mildew. Similarly, it is not a good idea to grow mustard or flax crops following rape because this also can lead to disease and insect problems.

Wheat inventory reduction program

Companion crops are classed as cover crops. Cover crops seeded prior to July 15 must be oats and must be plowed or

knocked down by July 15. This could be pastured. Cover crops seeded after July 15 may be any kind of cereal.

Ode to spring

home economist's ODE to spring

Spring has come at long, long last,
The grass is green, the

leaves are in bud,
Winter's snows are going so fast,
If I'm not at your meeting--
I'm stuck in the mud!

Your new spring wardrobe

Are you starting to think about your new spring outfit? It's nearly "that time" again.

When a woman shops for clothes, she usually buys what she likes and what she thinks makes her look taller, or slimmer, or younger. However, there are a few points to keep in mind.

*Bright colors and light colors make the figure appear larger; dark and dull colors make the figure appear smaller.

*Large print should be worn by the medium and larger person because it "overwhelms" a small person. On the other hand, an "ample" person looks "more ample" in relation to a tiny design.

*The size of decorative details should also be in relation to the size of person. A small person looks even smaller if she wears large accessories, has large pockets or buttons on her dress, and vice versa for the large person.

*Vertical lines (a row of buttons, tucks, seams) give the appearance of height. Horizontal lines (stripes, belts,) give the figure width. Sometimes vertical stripes and double-breasted buttons give the appearance of width too.

*Unbroken lines such as the one color dress or ensemble and vertical seams create the appearance of height and slimmness. Broken lines as are created by a skirt and blouse in contrasting colors or a colored belt cut the apparent height and give the figure added weight.

*Jackets which stop at the fullest part of the body give width at that point. So, if you are heavier than you wish you were, select a jacket that is slightly fitted at the waistline and stops short of the full hipline, or a longer jacket which stops below the hipline.

*Shiny fabrics and bulky fabrics create an illusion of added weight. For the heavier person, a dull surface fabric in medium or light weight is the best choice.

*The tiny person should select plain fabrics too, or she may look a bit like a teddy bear if she selects a heavy, textured fabric. Small details and small accessories are her best choice.

"Accentuate the Positive!" Decide what your best feature is, and accent it. Is it your face and hair, your waistline, your hands? The proper selection of clothing and accessories can fool the eye - and be quite convincing about it!

Game license change announced

A new hunting licence for Alberta residents and the abolition of a comprehensive licence for non-residents are the major changes in the new fees and licence schedule of the Game Act.

Last year, non-residents were allowed to kill one antlered animal, one trophy sheep and one black or brown bear on one licence. This licence cost \$75 for non-resident Canadians and \$150 for non-resident aliens. The licence has been discontinued and this year there is no distinction in costs for the two groups of non-residents except for bird game licences.

A new M-E-D licence has been introduced for residents only. It will have only one game tag issued with it, and will allow the holder to shoot one moose, or elk or deer. He will not be allowed to buy another licence for any of those three species,

regardless of which he shoots on his M-E-D licence.

The Wildlife Certificate fee has been raised from \$2 to \$3. This money goes to the Wildlife Damage Fund which compensates landowners sustaining losses incurred by wildlife.

Following is the new schedule of fees for resident licences and permits:

Trophy Mountain Sheep, \$10; Non-trophy Mountain Sheep, \$5; Antelope, \$10; M-E-D, \$10; Whitetail Deer, \$3; Camp Wainwright Deer, \$5; Mule Deer, \$5; Spring Bear, \$5; Black Bear, \$5; Caribou, \$10; Elk, \$5; Bird Game \$2.50; Grizzly Bear, \$10; Moose, \$5; Moose-Zone One, \$5; S416-S418 Elk - \$5; E308 Female Elk, \$5.

For each metal tag issued for a big game animal to replace one lost, destroyed, or surrendered (obtainable only at Fish and Wildlife Division Offices) - \$2.

MD council meets with city officials on annexation

At their March 12 meeting the Municipal District council accepted a tender by Regal Painters and Decorators for \$3,107, for painting the municipal offices and shop. Two tenders were received on this work.

It was decided to offer the City of Edmonton a parcel of .66 acres in NE 13-53-24-4 at a price of \$4,000 as appraised by Commercial Realty Company.

CITY OFFICIALS ATTEND MEETING

Messrs. Ken Newman, Mr. Purvis, Mr. Wilson, Mr. Hawes and Mr. Palmer attended the council meeting. Reeve, L. Kluthe extended a cordial welcome to the city officials.

Ken Newman was the spokesman for the group and stated that he had personally discussed the entire matter of annexation of land from the Municipal District of Sturgeon with Minister Colborne.

New maps of the area that is proposed to be annexed by the city officials were displayed for council's information. There was a slight variation to the Hansen recommendantion, although Mr. Newman stated that the city council still favors the Hansen recommendations in general.

The city officials were informed by the reeve that this council was preparing briefs opposing the BACM proposed application to the local authorities board for the area south of the airport and surrounding Griesbach Barracks. Mr. Newman stated that the city had committed themselves to BACM that they would support the company's application for this area to be annexed to the city.

Mr. Newman also informed council that both Premier Strom and the Municipal Affairs Minister, Mr. Colborne had made a statement, that if such an area was taken away from the MD of Sturgeon, new areas would have to be granted to Sturgeon to compensate for the loss of assessment. He stated that it would be to the advantage of this municipality to have

a meeting with Premier Strom and the minister of municipal affairs in the near future, in fact, prior to appearing before the local authorities on the BACM application for annexation.

It was more or less agreed by both authorities that a joint meeting be held with Premier Strom, minister of municipal affairs, the city of Edmonton officials and the council of the MD of Sturgeon to discuss the matter of annexation and compensation for loss of land to the MD of Sturgeon. It was agreed that not all the members of both councils should attend, but that a committee of each council should be appointed to attend such a meeting, which is to be arranged by the city officials.

At the reconvened meeting March 13, Mr. Kluthe, Mr. Wilson, Mr. Flynn, and Jack Harrold were appointed as members of this committee.

Public Works Superintendent R. Stack reported to council that he could not see any traffic hazards on the Boysdale Road as complained about by an Imperial Oil employer. A letter will go out to Imperial Oil on Mr. Stack's investigation.

Mr. Stack also reported on all the "A" forms as submitted by each council. It consisted of constructing and graveling 42 1/2 miles, regaveling 108 miles, regaveling the 1969 road construction 22 1/2 miles, and oiling 35 miles. Council authorized the superintendent of public works to purchase four 29.5 x 29 - 28 - 34 ply Michelin tires for the price of -- \$1,894 each.

The superintendent informed the committee that according to the 69 tender for supplying orange gas, the municipal district could make a saving of five cents per gallon providing the municipal district install underground tanks and electric

meter pumps.

During 1969 the municipality used approximately 8,000 gallons of orange gas. Imperial Oil Limited informed that they would loan the two 1,000 gallon tanks and pumps. The municipality's cost would be freight on the above from Edmonton installation, piping and wiring. Price of gas would depend on their 1970 tender, with their price per gallon be set in conjunction with the cost of the loan equipment.

Council will call for tenders for supplying diesel fuel, oil, grease, orange gas over a period of two years, also the supply of 1,000 gallon underground storage tanks with one meter and one 1,000 gallon underground storage tank with two meters.

The council agreed to meet with the town council of St. Albert, on March 16. Items dealt with were:

- 1) Alarco annexation -- establishment of a common approach;
- 2) Sturgeon Health Unit re: sanitary land fill;
- 3) Control of snow vehicles outside the town limit;
- 4) Amalgamation of the Town of St. Albert and the Municipal District of Sturgeon into a county.

A motion carried that the MD of Sturgeon renew its contract with the town of Morinville for the use of the nuisance grounds at Car diff as last year, at a rental fee of \$500.

A letter from Stewart, Weir, Stewart, Watson (per: Reg Watson) on water distribution west to Benaventure industrial subdivision was read at the meeting. (Joe Shekter's development) It stated the estimated cost of the entire system installed would be in the vicinity of \$281,000. Mr. Watson in his letter suggested that such expenditure could be recovered by a frontage tax over a period of 25 years or by prepayment of services by the

Bon Accord school addition opens

Official opening ceremonies marking the completion of the new addition to Bon Accord School were held Monday evening.

On hand to take part in the program were representatives of the municipal and provincial governments, representatives from the department of education, the clergy, the Sturgeon School Division and the companies who supplied architectural and contracting services.

A program of musical numbers was presented by pupils at the school and a number of presentations were made.

The opening ceremonies concluded with lunch and a tour of the school.

Lights off chicks

Early experiments with two strains of chickens show that the chick mortality rate was cut in half when the birds were given regular lights-off rests.

Dr. R. B. Buckland of the Canada Agriculture Research Station at Agassiz, B.C., raised half the chicks under "normal" farm conditions -- dim light 24 hours a day -- and the other half under alternating three-hour light and nine-hour dark periods after they were one week old.

developer or owners of individual lots.

A motion carried that council of the Municipal District of Sturgeon be prepared to install a water distribution line from the city, that is from 149 St. to 156 St. on 128 Ave. The cost of installing service lines to individual lots or property is to be borne by the developer or owners of the property. The public relations committee will meet in order to discuss the financing of such a water line distribution.

By Lucienne Montpetit

Mrs. Camil Deslauriers and Mr. and Mrs. Cantera and family travelled by train to Vancouver and Victoria where they spent a week visiting and enjoying the beautiful sights and sunshine.

The doctor will not be at the office during the month of April but will return as usual on May 6.

Get well wishes are extended to Mrs. Eddy Rivard, Mrs. Ladis Messier, Mrs. Victor Douzlech and Dominique Montpetit who are patients in the hospital.

JOE BLOCKSIDGE, DEPARTMENT OF EDUCATION

...makes presentations to the principal (left) and student union president

The lodge brothers filed out 10 minutes after they had entered their meeting place. "What's wrong?" a late arrival asked.

"No leader," replied a

brother sadly. "Our grand all-powerful, invincible, most supreme, all-high, courageous, unconquerable potentate had to stay home and baby-sit."

Boat show goes April 15 to 19

PLAYMATE TEDDI SMITH

... featured at Edmonton Boat, Trailer and Sport Show

Playmate Teddi Smith, who's been on the cover of Playboy Magazine a record 19 times, will be the star of the Edmonton Boat, Trailer and Sport Show April 15 through 19.

The luscious blonde will direct a daily Safari fashion show and also will have a special location at the show where she will chat with visitors and sign autographs.

The Nebraska-born beauty started working for Playboy about 10 years ago after being featured as a centre-fold Playmate in the popular magazine. She worked as a Bunny for three years in Playboy Clubs in Chicago, Miami, New Orleans and Jamaica.

But having as much flair for wearing clothes as not wearing them, and being a girl of higher than average intelligence, she was selected by Playboy to handle promotional assignments (such as the Edmonton Boat Show), and she's also gone into fashion and TV modeling in a big way in New

York, where she maintains an apartment.

To emphasize the boat theme, there will be a fabulous collection of mounted African and Asian game animals, displayed in natural settings. A live, 400-pound

Bengal tiger (who likes to wrestle people) will add to the atmosphere.

The show, to be held at the Exhibition Grounds, also will feature the biggest display of outdoor recreational equipment on the Prairies.

Boat show adds filleting

The art of fish filleting will be demonstrated during the upcoming Edmonton Boat, Trailer and Sport Show.

Robert Wickwire, a noted guide and filleting expert from Smithers, B.C., will show the proper way to get your catch ready for the frying pan or oven.

In his daily demonstrations, he will use freshly-caught Alberta whitefish, perch, northern pike, mulllets and freshwater ling cod. The fish—2,000 pounds of it—will be supplied by the

Freshwater Fish Marketing Corporation.

Mr. Wickwire will demonstrate how to clean fish, remove the bones and skin.

As an added attraction, the fish filets will be prepared on the spot, cooked in a series of microwave ovens and served free to boat show patrons.

Hovercraft at boat show

A new concept in year-round recreation, the air-cushion vehicle, will be highlighted at the Edmonton Boat Trailer and Sport Show.

Three models will be displayed during the five-day show at the Exhibition Grounds April 15 to 19.

Alberta Hovercraft, of Ponoka, will show a pair—the HA 5 Hoverhawk Mark 111 and the Hoverhornet. Edmonton's Cardium Supply Ltd. will have its two-seater HoveRover on exhibit.

The 15-foot-long Hoverhawk, manufactured by Hover-Air Ltd., will carry a payload of 1,000 pounds (roughly 10 persons) at maximum speeds of 30 knots on water and 45 miles an hour on land. It travels on a 10-inch air cushion.

The Hoverhawk is a single seat sports runabout. It's eight feet long, weighs 150 pounds and has a top speed of 40 miles an hour on land.

"Hot" boats at show

Two of North America's "hottest" power boats will be featured at the Edmonton Boat, Trailer and Sport show April 15-19 at the Exhibition Grounds.

The world's fastest flat bottom drag boat, the Hondo, will be shown by California Marine Enterprises Limited of Vancouver. The 22-foot craft holds five official world's records in five classes, including the fast one-way run of 148.36 miles per hour over a quarter-mile drag.

Hank Melanson, of Vancouver, will display his "Red Baron," a 17-foot ski-drag boat powered by a 396 cubic inch Chevrolet motor. It can pull six water skiers at one time, and has been clocked at more than 75 miles an hour. It was built by Mr. Melanson with the help of a couple of friends.

The Edmonton show, biggest of its kind on the prairies, will occupy the Sportex, the Gardens and the Sales Pavilion during its five-day run.

The HoveRover is powered by three two-stroke air-cooled engines. Two of the engines are utilized for forward thrust and are housed on the rear of the craft. The remaining engine is mounted inside the front of the craft and powers two centrifugal fans to provide the 14 to 16-inch air cushion on which the HoveRover travels.

The driver controls the vehicle completely with simple hand controls and a steering wheel actuating the rear-mounted rudders.

The HoveRover will travel at speeds up to 40 miles per hour on land and 35 miles

per hour over water, with a payload of 600 pounds. The craft will climb lengthy 20-per cent grades and short 30-per cent grades (such as river banks.)

Bodies of the three vehicles are constructed of high-impact fiberglass.

These remarkable vehicles, which travel on a cushion of air, will ride over water, mud, sand, snow, ice and dry land with ease.

"The air cushion vehicle is a boat, jeep, dune buggy and snowmobile rolled into one," explains D. M. Mackay, of Alberta Hovercraft Canada's first licenced Hovercraft dealer.

RECREATION Hi-Lites *Instructors needed*

FAMILY CAMPING

The St. Albert 69ers Family Camping Club is planning a camping and trailer show which will be held early in May.

This club meets regularly to discuss camping and exchange information. The members are all very enthusiastic about this family activity and anyone interested in joining is invited to phone 599-8290 for information.

BASEBALL

Teams are being made up for the forthcoming baseball season which is being sponsored by the Lions Club and the Knights of Columbus. Boys between the ages of seven and 15 years who haven't yet registered should do so immediately at the recreation department in the town hall.

HERCULES SPORTS

ASSOCIATION

Boys between the ages of eight and 16 years who want to play soccer and haven't yet registered are urged to do so as soon as possible at the department of recreation.

Girls who are interested in playing softball or soccer are asked to call at the department or phone 599-6601. If enough interest is shown programs may be arranged.

CRAFT GUILD CLASS

There is a possibility that the course "your car and you" (recommended for ladies!) will start next week. It had been cancelled because of lack of sufficient registrations.

Interest has now increased and anyone who would like information about the course is asked to phone Mrs. Grant at 599-8524.

for candy strippers

The Candy Strippers need help!

Mrs. Sheila Brumell of the Sturgeon General Hospital Auxiliary, co-ordinator of the Candy Strippers, reports that registered nurses are urgently needed to help teach courses provided by the Red Cross.

The first class of 45 Candy Strippers completed their course Tuesday and another class of 45 is scheduled to begin classes next week.

Any registered nurses in

the area who would be willing to volunteer some free time for this worthwhile undertaking, are asked to phone Mrs. Brumell at 599-4932.

The Candy Strippers will perform a number of services to help patients in the new Sturgeon General Hospital.

Response has been excellent, Mrs. Brumell stated, with 130 applicants from St. Albert and Nampa registered for the Candy Stripper's course.

\$65 Per Month

MAZDA 1200 COUPE
(ILLUSTRATED)

Mazda 1200 Stationwagon \$2238

Mazda 1200 Auto \$2178

Here is the car that makes the others sit up and take note.
Not 60 or 63 Horse Power But

73 BIG ONES

makes this smartly styled Mazda 1200 a real get up and go car. As always MAZDA hasn't forgotten to give you extras at no extra cost to you.

- (1) Disc Brakes
- (2) Reclining Seats With Adjustable Headrests
- (3) 13" Tires (Others Have 12")
- (4) Closed Window Ventilation System
- (5) Shock Absorbing Steering Column
- (6) 4 Way Emergency Flasher

BEFORE YOU BUY, TRY MAZDA

P.S.

Have we got parts? You bet we have — Lots of 'em.

*Black Label....so good
it's made Canada famous
for beer throughout
the world*
